Corps Welcomes Lease Proposals for Old Hickory Lake

NASHVILLE, TENN. (October 29, 2007) –The U.S. Army Corps of Engineers has issued a Notice to make Government land and water areas available to lease on Old Hickory Lake for marina concession development.

A deadline of May 1, 2008, has been set to submit proposals to establish marinas on six specific potential sites within the Old Hickory Lake Project.

One or more of these sites may be leased for commercial marina concession purposes, depending on the acceptable proposals received. Proposals may include or require adjacent private property to accommodate the necessary development. Site and development plans must include both private and government land and lake water areas as necessary for the proposed development.

Individuals, corporations, partnerships, etc., that desire to submit a proposal may request an Application Information Package by calling Carl Crews at (615)822-4846, Kathy Lachicotte at (615)736-7719 or Joe Pendergrast at (615)736-7726.
