Center Hill Dam Public Meeting planned for Trousdale County

(NASHVILLE, TENN., Dec. 28, 2007) – The U.S. Army Corps of Engineers, Nashville District, will co-host a Center Hill Dam public meeting with emergency management personnel in Trousdale County. The meeting will be held Thursday, January 10, at the Trousdale County High School auditorium, 262 McMurry Blvd. West, Hartsville, Tenn. Representatives of the Corps will be available to assist with inundation maps of the local area beginning at 4:30 p.m., and the meeting will begin at 6:30 p.m.

Corps officials will present a briefing, focusing on seepage problems, planning and construction efforts for a long-term fix, and emergency preparedness for downstream residents. Officials will try to answer the questions of residents concerning the recent announcement of the Center Hill Dam Consensus Report External Peer Review and the Final Environmental Impact Statement.

State and local emergency management personnel will also be available for questions regarding emergency planning in these communities.

To Better Serve The Public

For more information, contact the Public Affairs Office, Nashville District, Corps of Engineers, at (615) 736-7161. Persons who have an accommodation request or special need (e.g., sign language interpreter), should submit a request for accommodation in writing to Bill Peoples, chief, Public Affairs Office, P.O. Box 1070, Nashville, Tenn., 37202 or by calling Dave Claussen at (615) 736- 7841. In compliance with the Americans with Disabilities Act (ADA) and Rehabilitation Act, the Corps of Engineers will make a reasonable effort to provide effective accommodations for all participants.

Media Advisory: The public and the media are invited to the meetings. There will be media availability before the public meeting with members of the panel of experts from the Corps of Engineers and emergency management personnel.
